

Trail Maintenance and Monitoring

Duration: 1 day course
Fee: €110*
Participants: 16 maximum

Aim

To equip learners with the knowledge to develop and implement a trail maintenance and monitoring programme.

Topics

- Why maintenance & monitoring of trails is important
- The Quality System for trails in Ireland
- Trail maintenance and monitoring planning and implementation
- Identifying issues on a trail
- Record Keeping

Learning Outcomes

Upon completion of the courses learners will be able to:

- Understand the need for routine maintenance and monitoring of trails
- Develop and implement a plan for maintenance and monitoring on trails
- Understand the relationship between maintenance and monitoring
- Describe commonly encountered trail issues including potential hazards
- Understand how to keep records of trail maintenance and monitoring

Who

The course is intended for those who will have a role in the management of trails including:

- RSS, Tus and CE Scheme supervisors and staff
- Local Authority staff
- Rural Recreation Officers/Local Development Company staff
- Staff from state agencies managing trails
- Trail management committee members
- Volunteers and other persons likely to be working on trail management

Award

Upon completion of course assignment participants will be awarded a Course Certificate of Completion

*A subsidised rate is available for those directly involved in the management of trails. Please contact trailstraining@sportireland.ie for further information
